Composite Team Application

We wish to apply to register a composite school as permitted in the School Sport NZ Eligibility Regulations 2023.

The agreement is between _____ and _____

The purpose of a composite school team arrangement for participation at School Sport NZ sanctioned events should be in providing opportunities for schools to:

1. Provide opportunities to students from another school where that school is unable to form a team

AND

2. The receiving school does not have enough students to form a team.

Composite teams should not be formed and will not be accepted for the purpose of strengthening teams to compete at sanctioned events.

Composite teams will be permitted only if:

- a. all other eligibility rules regarding age and attendance are met
- b. the principals of the schools that the students attend agree
- c. one principal accepts responsibility for the composite team
- d. the team will be called by a name indicating that more than one school has contributed players
- e. In the premier level of any sport, the team will be permitted only through the preliminary round and will not be eligible for placing or competition trophies (but may be eligible for awards such as Fair Play and individual trophies)
- f. Where appropriate and with the agreement of the event organiser and School SportNZ, Composite teams may compete for medal places in competitions below the premier level of that SSNZ sanctioned event. Where events are either a qualifying event for or incorporate promotion to a higher level, School SportNZ sanctioned event, composite teams may not progress or be promoted to the higher-level event ahead of a team from a single school
- g. Composite teams should not be able to enter tournaments at the premier level of a sport when single school teams are on a waiting list
