

NZR Guidelines for Management of Training Areas – RED Setting

Training Environment – MVP Passes Required/Checked

- Areas to be defined as Controlled or Uncontrolled
- 100 Max Per Gathering in Controlled Areas
- 2 metre separation between each gathering – gathering limit includes players, coaches, support staff and any spectators if they join the gathering (ie are within 2 metres).
- Children under 12 years 3 months are counted in the gathering number but are not considered in determining the Vaccination status of a gathering.
- Clear signage around Uncontrolled areas to signal personal responsibility for spectators.

Training Environment – Where MVP Passes Not Required/Checked

- Areas to be defined as Controlled or Uncontrolled
- 25 Max Per Gathering in Controlled Areas
- 2 metre separation between each gathering – gathering limit includes players, coaches, support staff and any spectators if they join the gathering (ie are within 2 metres).
- Children under 12 years 3 months are counted in the gathering number but are not considered in determining the Vaccination status of a gathering.
- Clear signage around Uncontrolled areas to signal personal responsibility for spectators.
